General overview

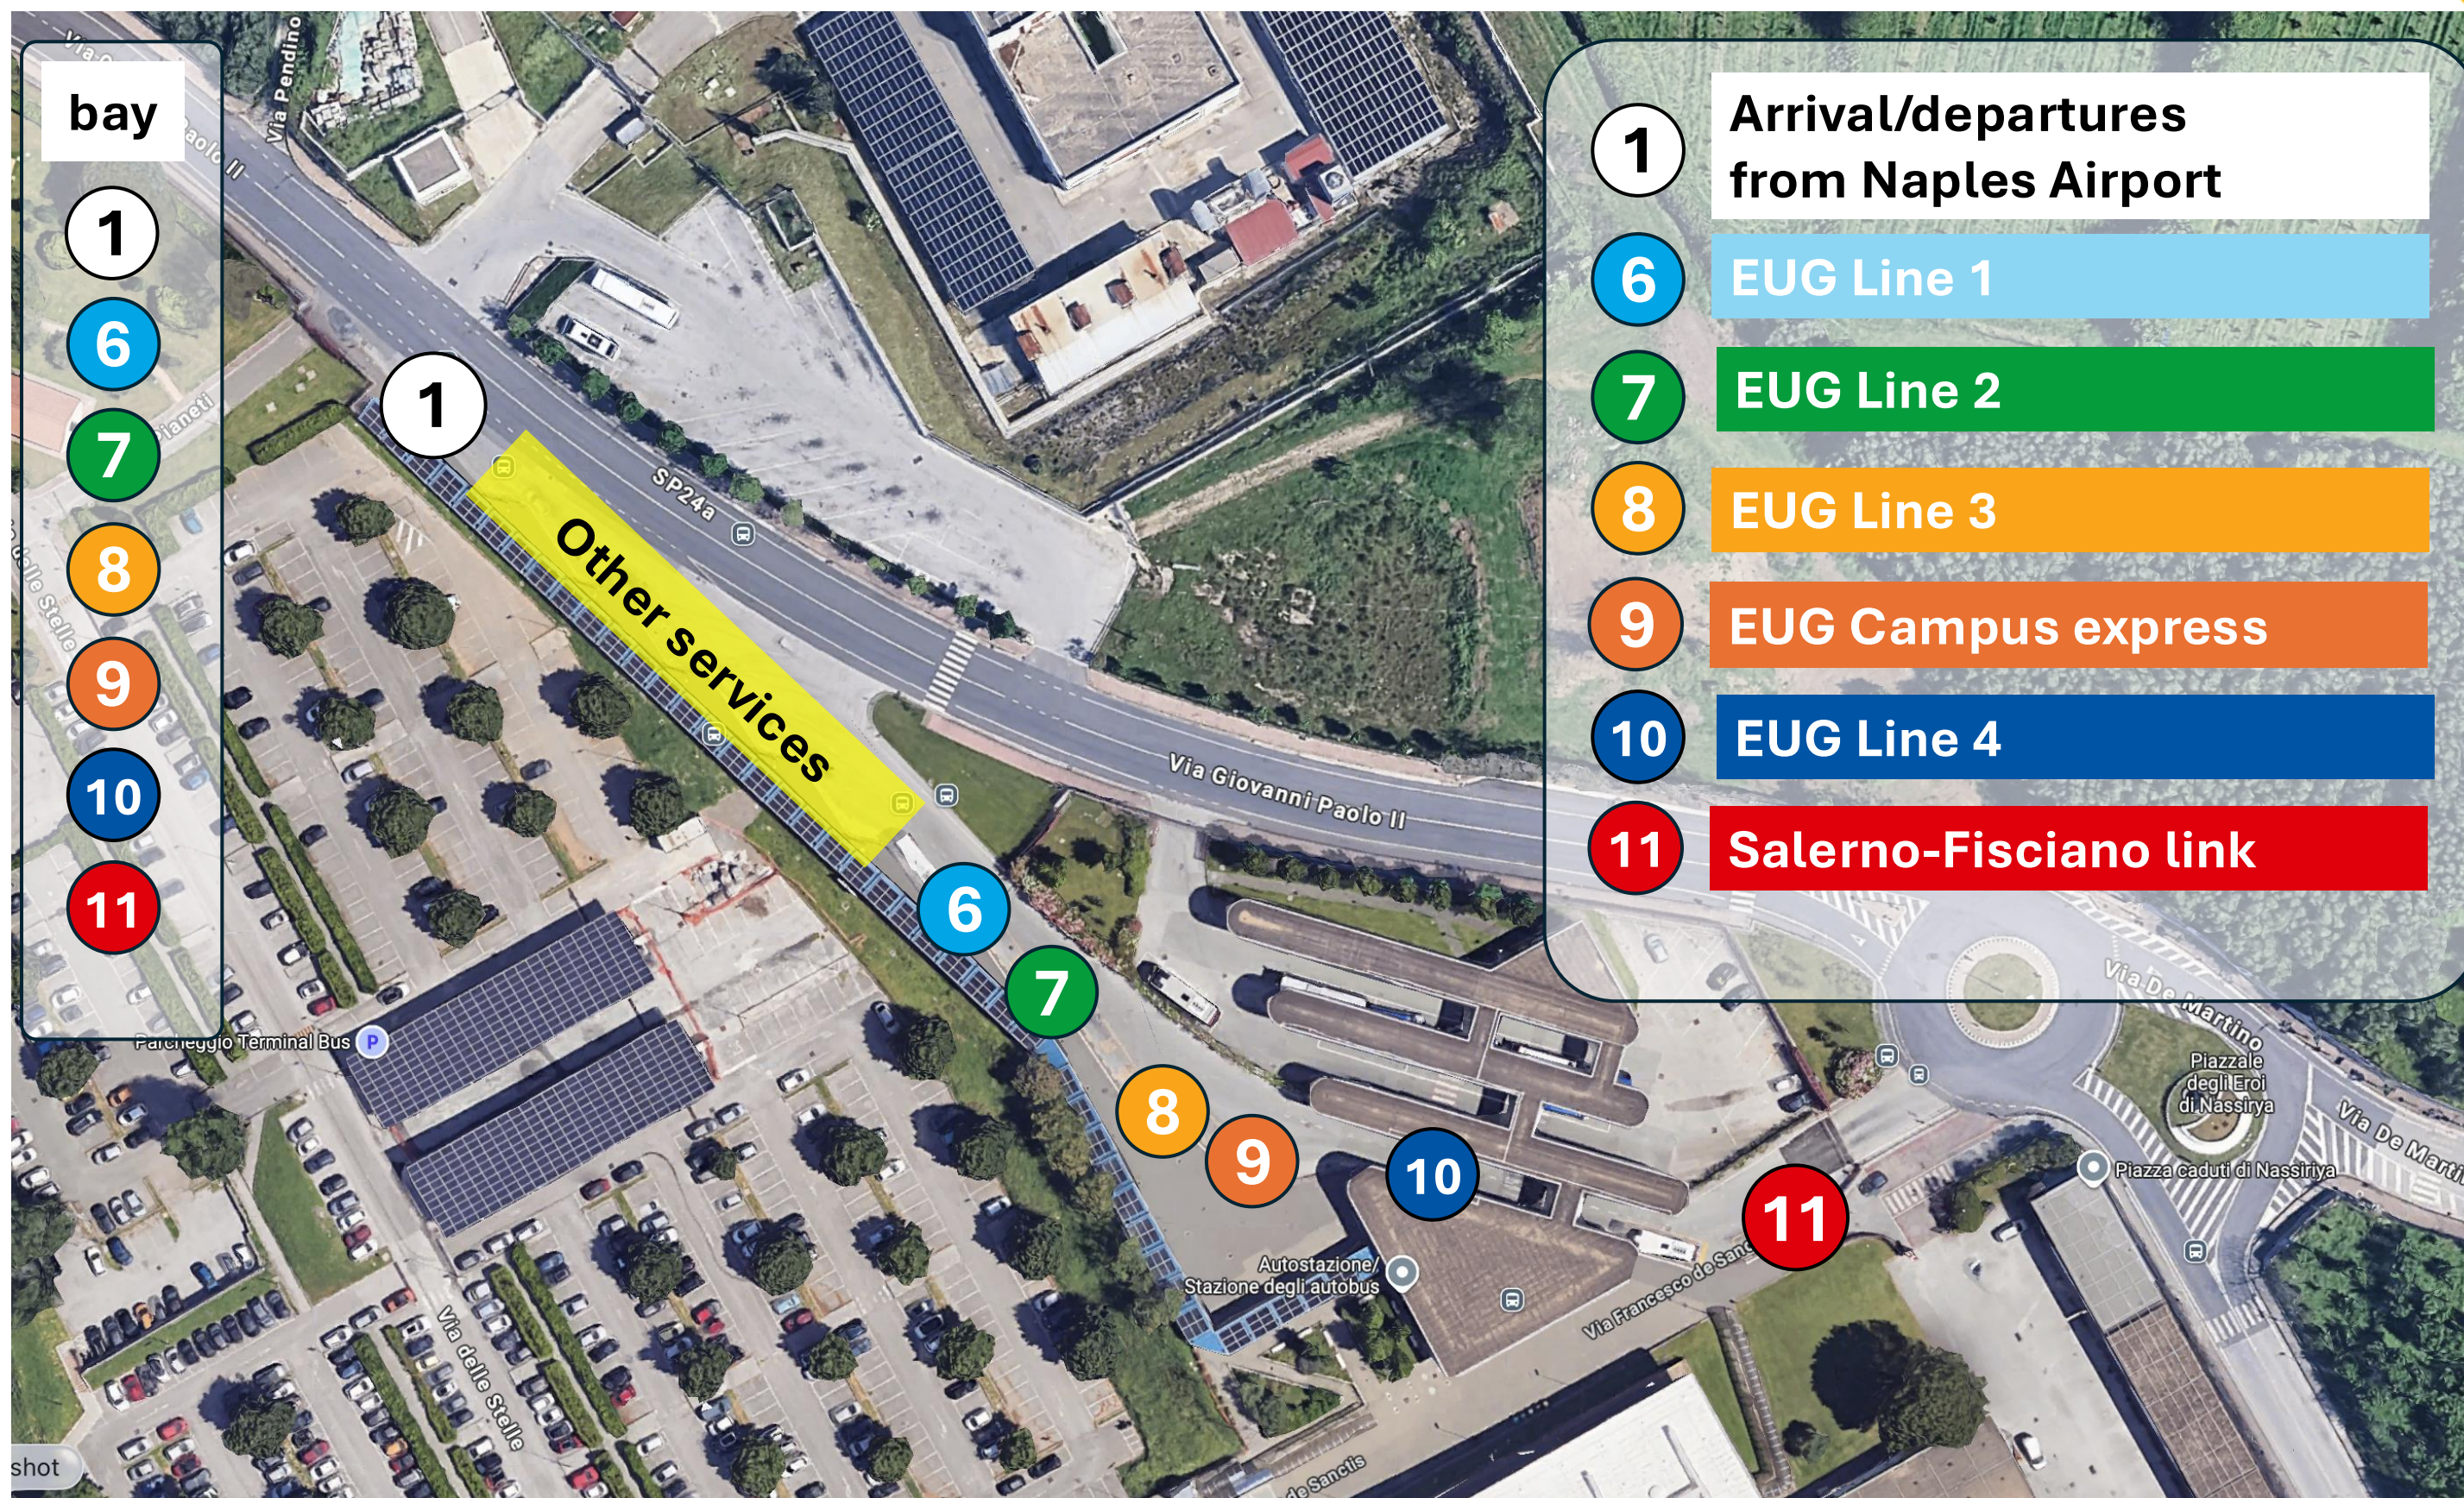

GENERAL OVERVIEW

1. Athletes will be supported by both regular and dedicated bus services
2. Regular bus services provide connections to the accommodation facilities, the dining hall, and selected competition/training venues (nearby accommodations)
3. Dedicated bus services provide connections to competition venues that are farther from the accommodation facilities and are not served by the regular bus services
4. The schedules for the dedicated bus services to the competition/training venues will be provided by the organizers the day before each competition.
